Pocket

Pocket Pop Up Sponsorship Opportunities

Note in the Pocket provides quality clothing to homeless and impoverished children and families with dignity and love. Since 2013, we have clothed over 47,000 individuals.

In response to the Covid pandemic we pivoted our program and launched our Emergency Clothing Effort. A major component of our Emergency Clothing Effort is our Pocket Pop Up clothing distribution events that we host in partnership with our community referral agencies.

At these events, individuals can “shop” for free and pick out clothing needed for any member of their household. Since 2020, we have hosted 38 Pocket Pop Ups, clothing over 5,800 individuals.

We invite your team to support these events and help clothe children and families in confidence!
